

Date - 10/7/2014

Mr. Pramod Chaudhari, Executive Chairman, Praj Industries to chair CII's National Committee on BioEnergy for 2014-15 for the 6th term.

Mr. Pramod Chaudhari, Executive Chairman, Praj Industries, has been nominated for the 6th consecutive to chair CII's National Committee on BioEnergy for 2014-15. Earlier, he spearheaded the Biofuels initiatives in India as Chairman of CII's National Committee on Biofuels, four years in continuity since 2007. The CII National Committee on Bioenergy focusses on minimizing the perpetual shortfall in meeting the energy demand. This committee is working towards building a bio based economy, reducing the dependency on the rising fuel imports. This committee is steering the responsibility of making recommendations for bioenergy policy implementation and coordinating stakeholders interests for tackling challenges like commercial sustainability, feedstock availability, availability of appropriate technologies, appropriate financing and market linkages.
