

Dear Reader,

It gives us immense pleasure to share that Praj Industries is ranked as **8th** in the *list of TOP 50 hottest companies in Advanced Bio-economy for Year 2019* by *Biofuel Digest*.

The list was announced at Advanced Bio-economy Leadership Conference (ABLC), 3rd - 5th April 2019 in Washington DC, USA.

(Please refer to link below to read the announcement by BioFuel digest. <https://www.biofuelsdigest.com/bdigest/2019/04/05/lanzatech-renewable-energy-group-ginkgo-bioworks-amyris-enerkem-take-top-slots-in-the-50-hottest-companies-in-the-advanced-bioeconomy-for-2019/>)

As you may know US based Biofuel digest is leading global publication of the industry. Every year the Biofuels Digest releases the list of “Top 50 Hottest Companies in Advanced Bio-Economy” globally.

It may be recalled that last year Praj was ranked 34th in the top 50 Hottest Companies. In other words Praj has jumped 26 places - an extraordinary achievement, riding on the back of sterling performance towards sustainable decarbonization through circular Bio-Economy.

Undoubtedly, global biofuel industry is recognizing Praj's relentless efforts developing & deploying technology led clean energy and in the process striving hard to realize its vision of making the world a better place.

Biofuel digest is widely consulted by key stakeholders such as CEOs, decision makers and influencers, thought leaders, analysts and researchers in BioFules industry worldwide and has a readership in excess of 3 million.

PRAJ INDUSTRIES LTD.
